

# Academic Rhode Map for BS Art Education Major at Rhode Island College

GENERAL EDUCATION: A complete listing of General Education courses can be found in the online catalog; look at catalog for year you enrolled. For Gen Ed courses, aside from Second Language requirement, which varies depending on where you are placed, you need ONE course from each category. Second Language 101/102 options are: American Sign, Arabic, French, German, Italian, Japanese, Portuguese, or Spanish. For other ways to satisfy the second language requirement look under the Gen Ed. section of the catalog. For information about Math Placement exam visit the orientation webpage. Any courses marked (F) offered Fall only; (Sp) Spring only. **Courses with an asterisk\* have prerequisites. Courses with a “W” in the prefix are Writing in the Discipline (WID) courses and will be writing intensive.**

This Academic Rhode Map is a semester-by-semester plan to help you toward graduation in four years. Not everyone graduates in four years, as it depends on how many courses you can take and how you do in those courses. This map is not your only route; it is a suggestion. You might take additional courses over the summer or early spring/winter to catch up or get ahead if the courses you need are offered at these times. While many courses in your major will have prerequisites that you will need to take in a special order, there is some flexibility in this map – but always double check that you have the correct prerequisites for a course you plan to take.

On the pages that follow, the column to the left suggests the ideal courses for you to take each semester. There are times when those courses may be full or unavailable the semester you plan to take them, in which case consider another course from a different semester with which you can switch. The column on the right has “Checkpoints” for each semester that show where you should be by the end of that semester. You should work from this map as you plan each semester’s schedule, before checking in with your advisor. The Map is designed primarily for freshmen coming to college for the first time, but transfer students may also use the Rhode Map with the understanding that they have most likely completed several requirements through transfer of credit and will be starting further into the program. Transfer students seeking RIC Art program credit for studio courses completed at another college must submit a portfolio of artwork for review. Map assumes a Fall start.
